I Thought I Knew How Powerful A SlowSpeed Could Be And Then This One Blew Me Away!!

Introducing INTEGRITY... The Most Powerful SlowSpeed Airmotor Ever!!!

- Highest Power Of Any SlowSpeed Airmotor
- All New Engineering – 2 Years in Development
- Weight Balanced For Control and Comfort
- “E” Motor Standard Can Use KaVo, NSK Attachments
- Autoclavable at 135°C
- Made In USA Motor and Nose Cones
- **3-YEAR Manufacturers Warranty!!!**

The all-new INTEGRITY hand-piece line by Osseo Scientific has been in development for two years. The re-engineered airmotor gives you more power than you need...it's like a Ferrari or a Maserati. It quietly zooms through any procedure. The handpieces are fully autoclavable and are standard “E Motor” compatible. They will even fit your KaVo, NSK, Micro Mega, and Bien Air parts. The nose cones have a universal High Grip chuck and will take HP burs and mandrels. The “E” attachments will swivel 360°. Motors have a reversing ring at the base.

SPECIAL PACKAGE PRICE All 4 Pieces **ONLY \$399**

INTEGRITY™

PACKAGE #1 INCLUDES: 20,000 rpm “E” Type Motor, 1:4 Reduction Attachment, Standard Latch Head, 1:1 Blue Nose Cone

The big surprise is the price for all this power. You are not paying for marketing, only power. It's the Kalmed way. INTEGRITY airmotors have a 3-year warranty and a 30-day return policy. They are offered in money saving combo packages or individual pieces. Available in standard 4 hole.

PACKAGE #2 INCLUDES: 20,000 rpm “E” Type Motor, 1:4 Green Nose Cone, 1:1 Blue Nose Cone\$399

PACKAGE #3 INCLUDES: 5,000 rpm “E” Type Motor, 1:1 Attachment, Standard Latch Head, 1:1 Blue Nose Cone\$399

PACKAGE #4 INCLUDES: 20,000 rpm “E” Type Motor, 1:4 Reduction Attachment, 1:1 Attachment, 2-Standard Latch Heads\$399

Order 2 Sets For ONLY \$359ea
